Snapshot report

Under the Investing for Success Agreement for 2016
Bundaberg East State School received

$293,640

Our full 2016 agreement can be found at: 2016 Agreement

Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximizing the benefits of this funding for our students. After reviewing our 2016 Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Intensive intervention program for students identified through school data (PM Benchmarks, Probe testing and student reports) who are at risk of not reaching the National Minimum Standard for reading and numeracy.
- Intensive extension program for students identified through school data (PM Benchmarks, Probe testing, teacher observations and student reports) as capable of attaining the upper two bands of reading, writing and numeracy.
- Development of Learning plans for all students in conjunction with parents and students that identify learning goals and strategies.
- Improved teacher practice by implementing a process for teacher coaching, reflection and self-evaluation.
- Training for para professionals in supporting students in the development of literacy and numeracy.
- Provision of additional support for students identified as requiring support due to speech language delays though intensive intervention.
